Introduction

HELPING STUDENTS CREATE A STORY WORTH TELLING

There's no greater experience than going abroad. To meet new people, encounter different cultures, observe new landscapes and taste rich cuisine is to embark on a journey of self-discovery.

At Manaaki Adventures NZ, we provide an educational experience for secondary school students like no other. Taught in the great outdoors of one of the world's most beautiful countries, our tours are informative, enlightening and, quite simply, life changing.

Students come away having developed self-esteem, confidence, leadership and the ability to work as part of a team, as well as life-long friendships and never-to-be-forgotten memories.

CHAPTER ONE

About New Zealand

Unspoilt scenery, a unique culture, warm and welcoming locals and adventure aplenty – there is no shortage of things to do and experiences to be had in New Zealand.

Home to some of the most diverse environments on earth, from beaches and rainforests to mountains, lakes, glaciers and volcanoes, New Zealand is never forgotten by anyone who visits. After all, where else can you go surfing, skiing, snowboarding, kayaking, tramping, sailing, swimming at the beach, parachuting, horse riding, or caving – all within a 100 mile radius? You can even do most of this on the same day! Furthermore, outdoor adventure standards in New Zealand are amongst the highest in the world.

A bit of history

New Zealand was inhabited by the local native people, the Maori, before the arrival of the Europeans in the 1700s. Over several centuries in isolation, the Maori settlers developed a unique culture, with their own language, a rich mythology, distinctive crafts and performing arts. The word “Manaaki” holds a special meaning to the Maori people, literally translating as “to show care and have respect for”. Today, the country is a fascinating blend of cultures who mingle and thrive in a peaceful yet vibrant society.

It's a safe place to visit too. Crime is low in New Zealand and as a tourist you are unlikely to encounter problems.

We encourage students to take responsibility for their actions, consider their decisions and reflect on their relationships with their fellow students. We believe students who are aware of their environment, enhance a school's reputation.

Choosing to partner with us will also offer your school a point of difference over your competing schools.

We help students become more aware of their school environment and sensitive to the many cultures of the world.

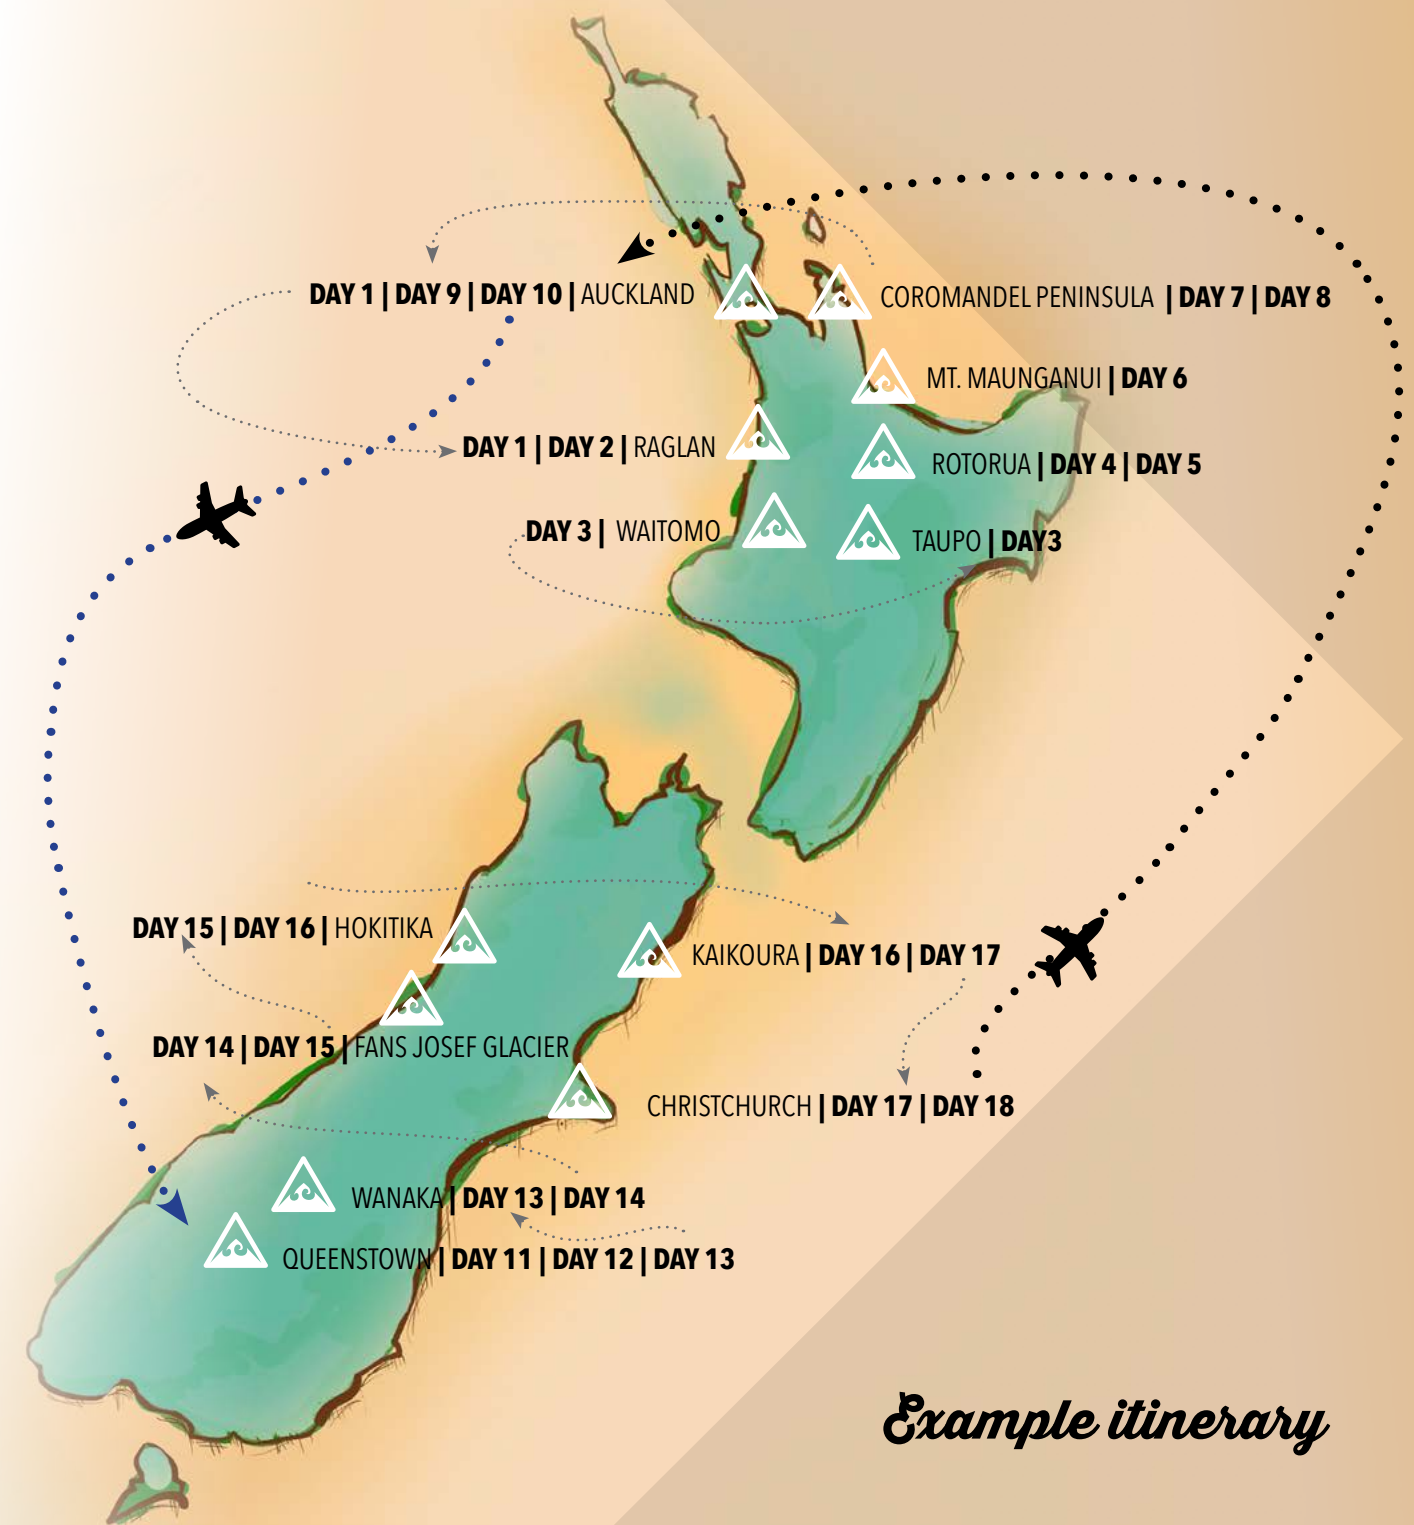

Benefits for teachers

Additional adult leaders can be added at a special discounted rate, dependent on the number of students travelling.

Student travel also helps teachers to broaden their own cultural horizons, and help stimulate creativity to translate into the classroom, all the while being a proud ambassador of the school.

Marketing collateral

We encourage students to share their experiences of New Zealand, providing you with a portfolio of photos and videos your institution can use to market these opportunities.
